MOVING Community of Practice

‘Group of people who share a concern, a set of problems, or a passion about a topic, and who deepen their knowledge and expertise in this area by interacting on an ongoing basis’.

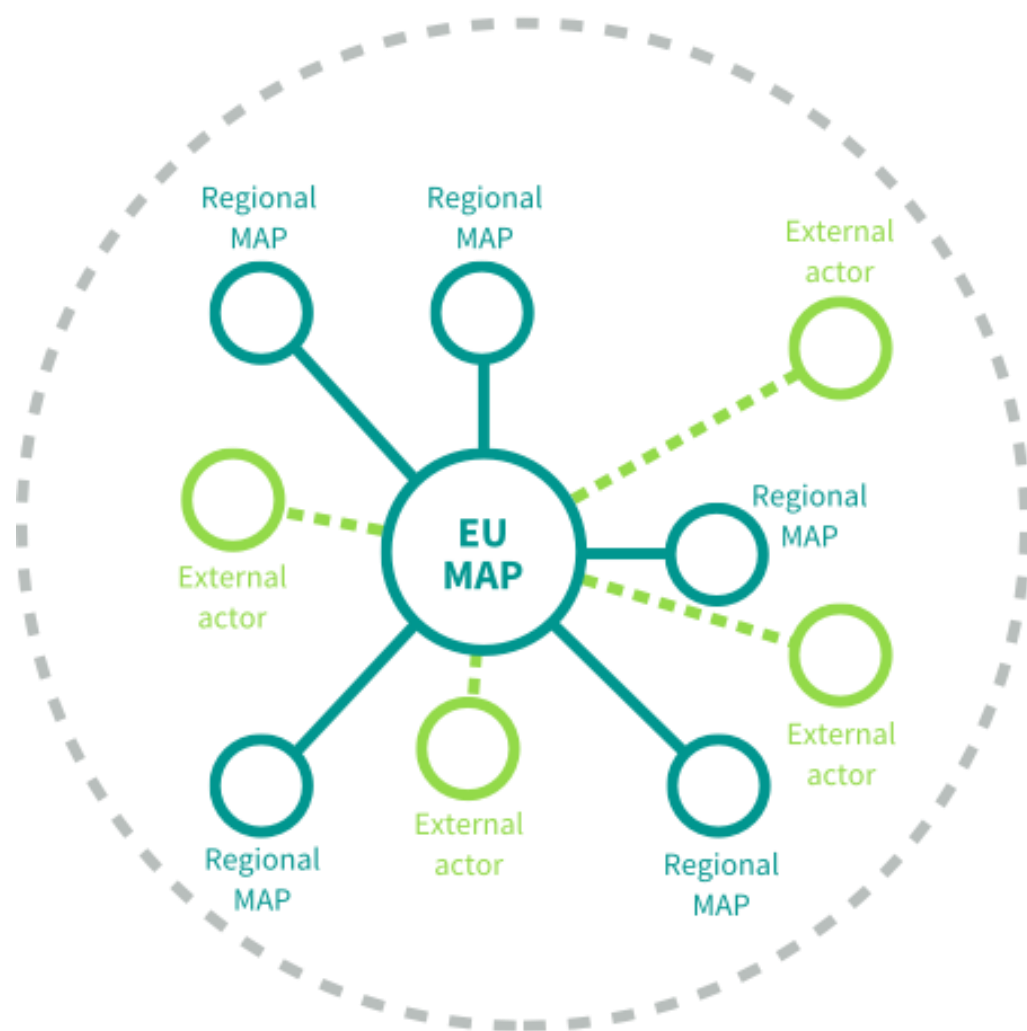

(Wenger et al 2002)

MOVING Community of Practice

MOVING CoP

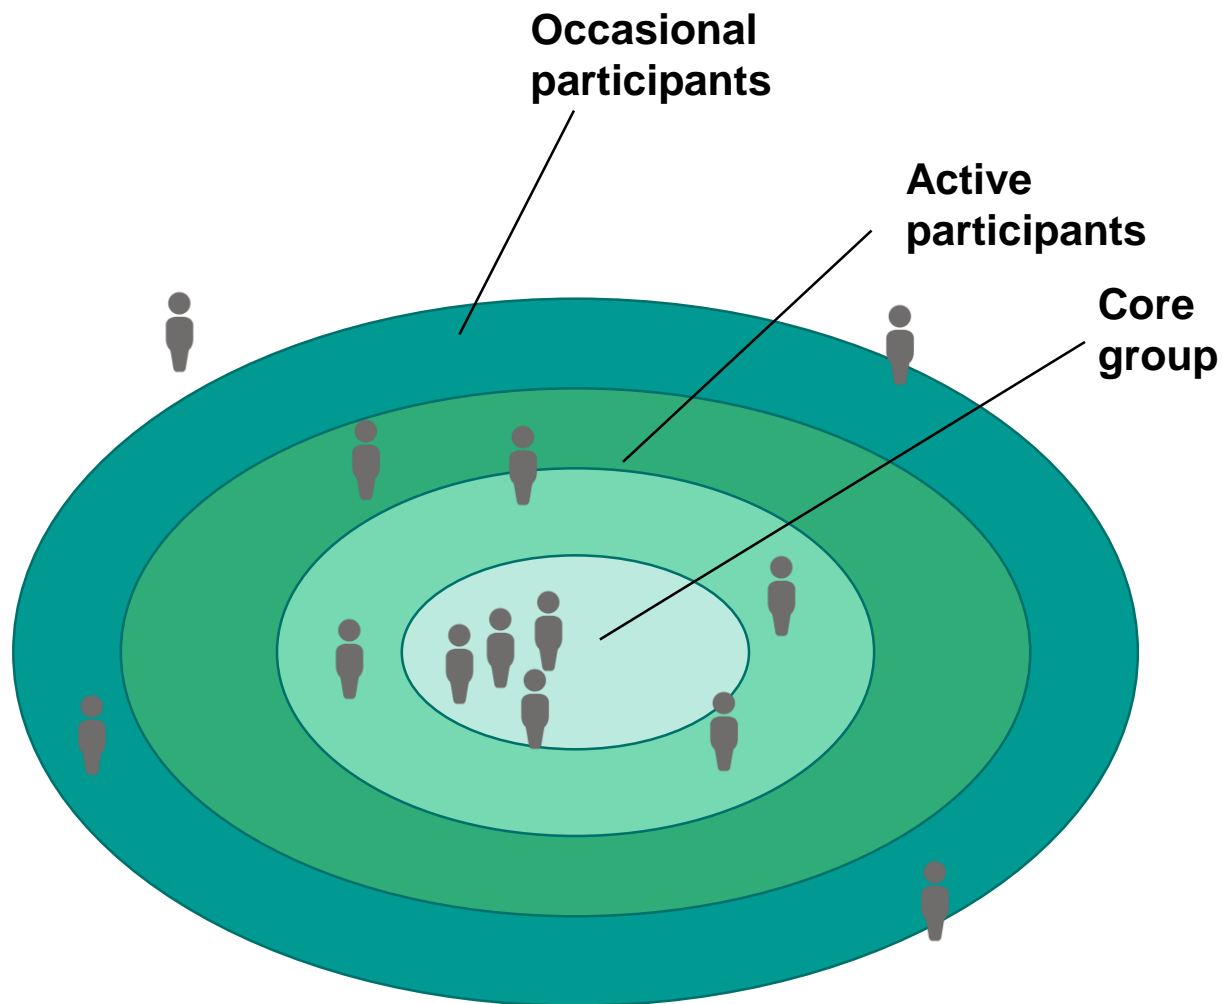

The MOVING CoP is an **European-wide Science-Society-Policy**

interface built upon:

- **23 regional MAPs** established in the 23 Reference Regions
- **1 European-level Multi-Actor Platform (EU MAP)**
- **External actors**

MOVING Community of Practice

OBJECTIVES

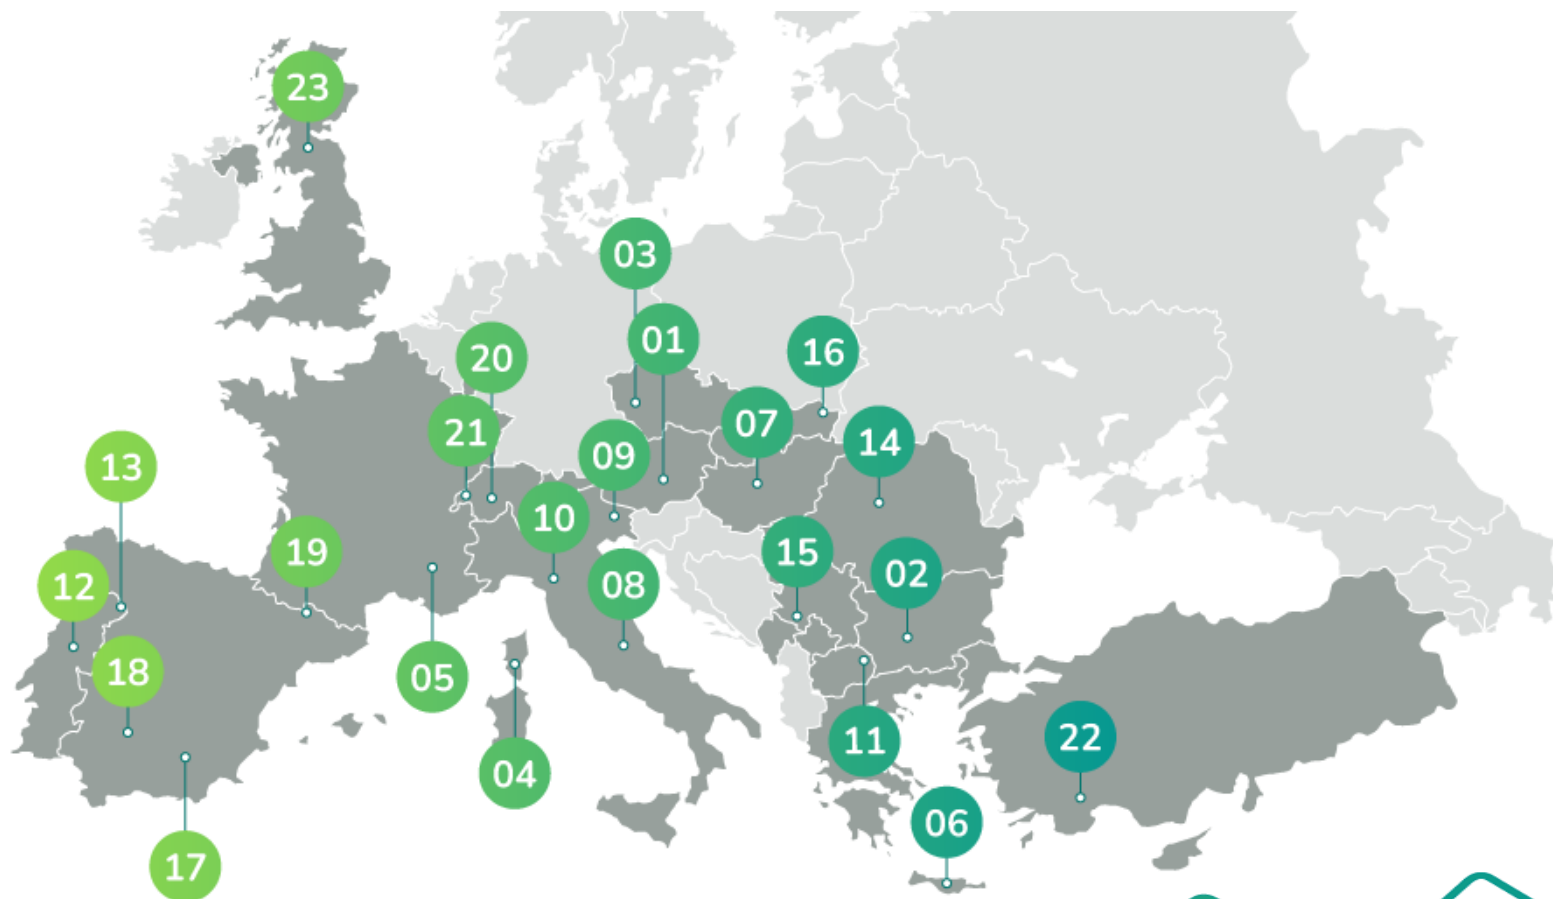

1. co-creation and validation of key research outputs and results delivered by MOVING;
2. exchange of knowledge and experience
3. long-lasting community

Why a local actor should engage in a MAP?

MOVING
MOUNTAIN VALORISATION THROUGH
INTERCONNECTEDNESS AND GREEN GROWTH

MOVING will include **stakeholders involved in different stages of the Value Chains** and everyone interested in **the future of mountain areas.**

MOVING EU MAP

It will offer an **open space to stakeholders that are interested to exchange, learn and interact at the EU level** on resilience to climate change of mountain value chains.

It seeks to **engage external stakeholders from policy, research and relevant practice groups working in other Member State or at EU level.**

It will also support **peer-to-peer exchanges on additional topics** relevant for the members and for the regional MAPs.

EU MAP: Main activities

Setting up the EU MAP

- Survey among MOVING partners
- Stakeholders mapping +100 contact
- Interviews key informants (Euromontana, MRI-GEO mountains, Mountains Partnership FAO, EU projects, mountains research centers).
