

# Scotch Malt Whisky in Speyside

Barley is grown and malted

Mountain water collects in springs and rivers

Distilleries use water, and malted barley, and yeast to produce whisky.

Scotch Malt Whisky is then sold around the world!

Mountain areas produce sports tourism opportunities...

And food and drink tourism.

Scotch Malt Whisky must be:

- Distilled, matured, and bottled in Scotland
- Made from only water, malted barley, and yeast
- Matured for at least three years in oak casks
  - At least 40% ABV
